Because this is a new fund, the risk rating is only an estimate by Ninepoint Partners LP. Generally, the rating is based on how much the Fund’s returns have changed from year to year. It doesn’t tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live, the type of earnings (i.e., income or capital gains), and whether or not you hold the Fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series I units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other series, funds and investments that may be suitable for you at a lower cost.

1. Sales Charges

There are no sales charges or commissions payable to your representative's firm for Series I units of the Fund.

2. Fund Expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns.

The Fund's expenses are made up of the management fee, performance fee, operating expenses and trading costs. The series' annual management fee will be negotiated between the investor and the manager. Fund expenses of this series have not been provided because no units of this series have been distributed.

Performance Fee

The Fund pays Ninepoint Partners LP a quarterly performance fee equal to 10% of the amount by which the return in the net asset value of the series from the calendar quarter exceeds the previous high water mark. The high water mark is a sum of the greater of (i) the initial net asset value per unit, or (ii) the net asset value at the end of the most recent calendar quarter for which a performance fee was paid after giving effect to all distributions in, and payments of performance fees for, such calendar quarter, and 0.75% for the same period (the "Hurdle Rate"). If the performance of the series in any calendar quarter is negative, such negative return will be added to the subsequent calendar quarter's high water mark for that series. If the performance of the series in any calendar quarter is positive, but below the Hurdle Rate, the subsequent calendar quarter's high water mark will be the prior calendar quarter's ending net asset value per unit of the series.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services and advice that your representative and his or her firm provide to you.

Ninepoint Partners LP may pay a trailing commission to your representative’s firm. The rate is negotiated by us and your representative’s firm and ranges from 0% to 0.50% of the value of your investment each year (\$0 to \$5.00 each year on every \$1,000 held).

3. Other Fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Management Fee	The series’ annual management fee is negotiated by the investor and paid outside the Fund. It would not exceed 1.40%.
Switch Fee / Conversion Fee	A fee of 0-2% of the value of the units you wish to switch or reclassify may be charged by your representative’s firm, as negotiated with your representative.
Short-Term Trading Fee	Ninepoint Partners LP may impose a short-term trading fee payable by the unitholder to the Fund of up to 1.5% of the aggregate net asset value of the units redeemed if such units are redeemed within 20 days of purchase or switch. For purposes of this short-term trading fee, units will be considered to be redeemed on a first-in first-out basis. If Ninepoint Partners LP detects excessive trading of the unitholder’s units in the Fund within 90 days of purchasing or switching them, it reserves the right to charge an additional 3.0% of the net asset value of the units.
Registered Tax Plan Fees	No fee is charged to open, close or administer a registered tax plan administered by Ninepoint Partners LP. However, for other registered tax plans holding other investments in addition to securities of a Ninepoint mutual fund, an annual trustee fee may apply payable to the administrator of the plan.
