#### HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called “volatility.”

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

#### RISK RATING

Ninepoint Partners LP has rated the volatility of this Fund as **low**.

This rating is based on how much the Fund’s returns have changed from year to year. It doesn’t tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund’s returns, see “What Are the Risks of Investing in the Fund?” section of the Fund’s simplified prospectus.

#### NO GUARANTEES

Like most mutual funds, this Fund does not have any guarantees. You may not get back the amount of money you invest.

## A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live, the type of earnings (i.e., income or capital gains), and whether or not you hold the Fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series D units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence your dealer firm to recommend one investment over another. Ask about other series funds and investments that may be suitable for you at a lower cost.

### 1. Sales Charges

There are no sales charges or commissions payable to your discount broker for Series D units of the Fund.

### 2. Fund Expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns. The Fund's expenses are made up of the management fee, operating expenses and trading costs. The series' annual management fee is 0.26% of the series' value. Because this series is new, operating expenses and trading costs are not yet available.

### More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services that your discount broker provides to you.

Ninepoint Partners LP pays the trailing commission to your discount broker. The rate is negotiated by Ninepoint Partners LP and your discount broker and ranges from 0% to 0.12% of your investment each year (\$0 to \$1.20 each year on every \$1,000 held).

### 3. Other Fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

FEE	WHAT YOU PAY
<b>Registered Tax Plan Fees</b>	No fee is charged to open, close or administer a registered tax plan administered by Ninepoint Partners LP. However, for other registered tax plans holding other investments in addition to securities of a Ninepoint mutual fund, an annual trustee fee may apply payable to the administrator of the plan.
